

MINALINE
LOGISTICS & SUPPLY CHAIN SOLUTIONS

Welcome To

MINALINE

Minaline is a leading freight forwarding and logistics company dedicated to simplifying global trade through innovation and reliability. With a strong network of trusted agents and strategic partnerships worldwide, Minaline provides comprehensive shipping solutions, including sea, air, and land transport. The company focuses on delivering efficient, transparent, and cost-effective logistics services tailored to each client's needs. Through cutting-edge digital tools and AI-driven systems like MINA AI, Minaline is redefining the logistics experience — ensuring speed, accuracy, and seamless coordination across every shipment.

Built on years of industry expertise, Minaline continues to expand its vision beyond traditional freight services by integrating technology and customer-centric innovation. The company's mission is to empower businesses with smarter logistics — offering real-time tracking, automated pricing, and intelligent communication through AI-powered platforms. With a commitment to excellence, sustainability, and personalized service, Minaline stands as a trusted partner for companies seeking to move goods efficiently and grow confidently in the global marketplace.

Minaline based in Jordan, globally connected freight forwarding and logistics company committed to delivering reliable, efficient, and technology-driven supply chain solutions. Established to meet the evolving demands of international trade, Minaline combines deep industry expertise with advanced digital infrastructure to provide clients with seamless end-to-end logistics management.

Our core services focus on Full Container Load (FCL) ocean freight, supported by an extensive network of WCA-certified global agents. We ensure every shipment is managed with precision, transparency, and compliance, offering tailored solutions that optimize cost, time, and reliability.

Minaline's strategic direction is defined by innovation. Through our proprietary MINA AI platform, we are transforming traditional logistics by integrating artificial intelligence into pricing, documentation, operations, and customer engagement. This digital evolution enhances decision-making, automates routine processes, and strengthens operational efficiency across all departments.

With a steadfast commitment to integrity, excellence, and innovation, Minaline continues to position itself as a trusted logistics partner for enterprises seeking a smarter, data-driven approach to global freight management.

VISION

To redefine the future of freight forwarding and logistics in the Middle East by combining human expertise with intelligent technology. Minaline envisions a connected world where businesses of all sizes can trade effortlessly, supported by a transparent, efficient, and fully digital supply chain ecosystem. Through innovation, AI automation, and trusted global partnerships, we aim to transform logistics into a seamless experience — driving growth, sustainability, and excellence across every route, port, and shipment we handle.

Mission:

To provide our customers with the best freight services to global destinations and to achieve great business volumes in the freight industry by providing top quality freight logistic services .

At Minaline, we deliver end-to-end freight forwarding and logistics solutions designed to simplify global trade and empower businesses with visibility, control, and confidence. Our integrated services cover every stage of the supply chain from international sea and air freight, customs clearance, and inland transportation to warehousing, distribution, and digital shipment tracking.

Through our innovative MINA AI Platform, we combine human expertise with artificial intelligence to automate pricing, documentation, and operations ensuring faster decisions, transparent communication, and cost optimization for our clients.

Whether you are a manufacturer, importer, or exporter, Minaline provides tailor-made logistics strategies that align with your business goals. By partnering with a network of trusted, WCA-certified global agents, we guarantee reliability, compliance, and consistent service quality across all trade lanes. Our mission is to transform logistics from a complex necessity into a strategic advantage — delivering smarter, faster, and more sustainable shipping experiences for every customer we serve.

Freight Forwarding

Minaline specializes in international sea and air freight operations, offering flexible and cost-effective shipping solutions for all major trade lanes. We manage Full Container Load (FCL) shipments from key global ports, ensuring on-time deliveries and optimized routing. Our experienced operations team coordinates every detail — from booking to delivery — with real-time updates and proactive communication, giving our clients peace of mind and full visibility.

AI-Driven Logistics with MINA AI

Our cutting-edge MINA AI Platform transforms logistics into a fully digital, intelligent process. The platform uses artificial intelligence to automate rate management, booking confirmations, documentation, and customer communication. It allows clients to request freight quotes, track shipments, and receive updates instantly through AI-powered interfaces — reducing manual work and enhancing customer experience. MINA AI represents the future of smart logistics management.

Trusted Global Network

Through our alliance with WCA-certified agents and international partners, Minaline ensures global reach with local expertise. Every partner in our network is carefully selected for reliability, compliance, and performance — ensuring that no matter where your cargo travels, it remains in trusted hands.

Sustainability & Innovation

As part of our long-term vision, Minaline is committed to sustainable logistics solutions. We continuously invest in technology, data analytics, and green practices to reduce our environmental impact and optimize operational efficiency. Our goal is to create a logistics ecosystem that supports both business growth and environmental responsibility.

strength

MINALINE
go beyond

At Minaline, our strength lies in the perfect balance between human expertise, advanced technology, and trusted global partnerships. We have built a reputation for excellence by combining deep industry knowledge with innovative digital solutions that deliver measurable value to our clients.

Our professional team brings years of experience across every field of logistics — from freight forwarding and customs clearance to operations, documentation, and supply chain optimization. This expertise allows us to anticipate challenges, respond proactively, and ensure every shipment is handled with precision and care.

| Expert Team

A highly experienced logistics team with deep knowledge in freight forwarding, customs, operations, and global trade.

| Operational Excellence

Streamlined end-to-end logistics processes that reduce time, cost, and errors while improving reliability.

| AI-Powered Innovation

The MINA AI Platform automates pricing, documentation, and communication, ensuring faster and smarter logistics decisions.

| Sustainability Focus

Commitment to environmentally responsible logistics through optimized routing and paperless operations.

| Customer-Centric Service

Dedicated account managers and AI support to ensure real-time updates, transparency, and personalized service.

| Trusted Global Network

Strong partnerships with WCA-certified agents and reliable carriers across all major trade lanes.

people

MINALINE
go beyond

At Minaline, our people are the driving force behind our success. We believe that technology alone cannot move the world — it is the dedication, integrity, and expertise of our team that make the real difference. Every shipment we handle, every customer we serve, and every solution we deliver is powered by the collective effort of a passionate, skilled, and forward-thinking workforce.

Our team brings together professionals from diverse backgrounds in logistics, freight forwarding, supply chain management, finance, customer service, and technology. This diversity fuels creativity, fosters innovation, and ensures that every challenge is met with a comprehensive and practical solution.

We value continuous learning and development, encouraging our employees to grow both professionally and personally. Through regular training, leadership programs, and exposure to international standards, our people stay ahead of industry trends and technological advancements.

At the heart of Minaline's culture lies collaboration and accountability. We work as one team — united by a shared vision to deliver excellence and build lasting partnerships. Our people are not just employees; they are ambassadors of our values — professionalism, transparency, and commitment to every customer we serve. Together, we are shaping the future of logistics — smarter, faster, and more connected than ever before.

Leadership Team

At the core of Minaline's success stands a visionary leadership team that combines decades of experience in logistics, technology, and business management. Our leaders are united by a common goal — to transform the freight forwarding industry through innovation, integrity, and a relentless focus on customer satisfaction.

AI-Powered Leadership Support

Supporting our leadership team is MINA AI, our intelligent digital assistant designed to manage communication, analyze data, and automate decision-making across all departments. Acting as an extension of our executive team, MINA AI ensures that our strategic goals are executed efficiently, enabling our leaders to focus on innovation, growth, and customer success.

values

MINALINE
go beyond

At Minaline, our values define who we are, guide how we operate, and inspire everything we do. They are the foundation of our success and the driving force behind our vision to lead the logistics industry through innovation, trust, and excellence.

| Integrity

We believe that honesty and transparency are the cornerstones of lasting relationships. Every decision we make reflects our commitment to ethical business practices and respect for our clients, partners, and employees.

| Customer Focus

Our clients are at the heart of everything we do. We listen, adapt, and deliver personalized logistics solutions that help them grow, compete, and succeed in global markets.

| Excellence

We strive for perfection in every detail — from the first customer inquiry to the final delivery. Our goal is not only to meet expectations but to exceed them, setting new benchmarks for quality and reliability in logistics.

| Collaboration

We believe success is built on teamwork. Within Minaline and across our global network, we foster collaboration, knowledge-sharing, and mutual trust to achieve common goals.

| Innovation

Embracing technology is part of our DNA. Through continuous innovation and the power of MINA AI, we are shaping the future of freight forwarding, making it smarter, faster, and more connected.

| Sustainability

We are committed to building a greener future by adopting environmentally responsible practices, optimizing routes, and reducing our carbon footprint wherever possible.

Together, We Move Forward

At Minaline, these values unite our people, strengthen our relationships, and shape the way we serve the world. They are more than words they are the principles that guide every shipment, every innovation, and every success story we create.
